II. DEVELOP REGULATIONS IN REFERENCE TO STATEMENT TO CONSUMERS REGARDING LOCAL TREATMENT AND ITS LIMITATIONS

Mr. Tom Murray, Chair, announced that the agenda should have read "develop proposed regulations related to the use of termite bait stations."

After discussions, the consensus of the committee was to amend for the next committee meeting language regarding termite bait station recommendations. The language would be required in the body of the inspection report whenever a recommendation is made to install a bait station. It would read: "**Consumer Advisory:** Be sure your termite company has explained their obligations as to frequency of inspections, system performance and warranties, if any, before you sign the contract."

The next meeting to vote on this matter and to discuss other termite bait station issues will be January 10, 2003 at 8:30 a.m., at the San Diego State Building, 1350 Front Street - Auditorium, in San Diego.

Mr. Murray adjourned the meeting at 11:45 PM.

THOMAS MURRAY, Chair

KELLI OKUMA, Registrar
